Full Stack Web Developer

Professional Summary

Highly skilled and motivated Full Stack Web Developer adept in MERN stack. Proficient in React, Redux, and MongoDB. Strong problem-solving and collaboration skills. Proactive and detail-oriented with a track record of successfully delivering projects.

Projects

Netmed.com clone   Live Demo Link   Github Repo Link

HTML CSS Javascript LocalStorage

- Developed a clone of NetMeds.com, a renowned Indian pharmacy serving millions of customers nationwide.
- Collaborated with a team of 4 members on this project.
- Created the Product Page and integrated the addition-to-cart functionality for streamlined payments.

Trivago.in - Traveling Clone   Live Demo Link   Github Repo Link

HTML CSS Javascript API

- Replicated Trivago.in, a meta search engine that compares accommodation prices from various online booking sites.
- Part of a 5-member team that completed the project in just 4 days.
- Contributed to the Product Page and implemented cart functionality for smooth payment processes.

KooApp Clone   Live Demo Link   Github Repo Link

React Chakra-UI JSON

- Crafted a clone of Koo, a microblogging platform popular in India, offering concise updates like Twitter.
- Collaborated with 4 team members to complete the project within 4 days.

- Responsible for designing and developing the Landing Page/Home Page.

Experience

TrainerGoesOnline │ Data Gathering and Research Intern
02/2023 - 06/2023

- Conducted comprehensive data gathering and research activities, sourcing information from various online and offline channels to support project objectives.
- Analyzed and synthesized collected data, presenting findings through clear and concise reports, contributing to informed decision-making processes.
- Collaborated with cross-functional teams, actively participating in brainstorming sessions and sharing insights to enhance project efficiency and accuracy.

Amazon Development Center India │ Content Test Associate
07/2020 - 01/2023

- Played a pivotal role in ensuring the quality and accuracy of digital content by conducting meticulous testing and validation procedures.
- Identified and documented content discrepancies and issues, working closely with content creators and developers to facilitate timely resolutions.
- Utilized a variety of testing tools and methodologies to assess content functionality and adherence to established standards.
- Contributed to process improvements by providing valuable feedback and suggestions, enhancing overall content quality and user experience.
